National apiculture programmes

- Single CMO Regulation
- Three years apiculture programme
- 50% co-financed by the EU budget
- Budget allocation based on number of beehives
- Member States to choose among the eight measures eligible
- Usage rate of funds > 90% high in previous programmes
- Relative small budget but regularly increasing: 36 EUR million/year for 2017-2019

Main changes in national apiculture programmes with the new CAP

- Single CMO reviewed in 2013
- Delegated and implementing acts adopted in 2015
- Changes related to funding and eligible measures

Main changes in national apiculture programmes with the new CAP

- Member states to have a reliable method to determine the number of beehives in order to ensure a fairer allocation of **funds**
- **New eligible measures:**
 - Technical assistance to beekeepers
 - **Combating beehive invaders and diseases, particularly varroasis** (previously only varroasis)
 - Rationalisation of transhumance
 - **Analysis of apiculture products** (previously only honey)
 - Restocking of hives
 - Applied research
 - **Market monitoring**
 - **Enhancement of product quality**
